eProtocol Training

Upcoming Training

The RCO hosts monthly new user training. To see the upcoming training courses and enroll, please click here [1]. If your department has a small group that would like training, feel free to contact the Help Desk [2] to schedule a time for a trainer to come to you.

General Training Materials

- **eProtocol Advanced Search Video**
  
  To see how the Advanced Search feature works, watch this 2-minute video [3].

- **Integrated eProtocol Homepage Video**
  
  To get an overview of the new eProtocol homepage, watch this 8-minute video [4]. This is a great reference for users just getting started with eProtocol.

IRB/SCRO Training

A selection of presentations to the Stanford research community, and IRB members and staff is available here [5].

- **Non-Medical IRB forms**
  
  Watch the regular/expedited video here [6].

  Watch the exempt video here [7].

APLAC Training

- **eProtocol APLAC System Updates**
  
  The eProtocol APLAC system is being updated! This is part of a broader process to upgrade eProtocol. To learn more about the coming changes, please watch this short video:

  Watch the video here [8].
APB Training

For an overview of the eProtocol APB module watch the presentation here [9].
