Training

Education and training are provided to all individuals involved with the Human Research Protection Program (HRPP). The [HRPP Policy Manual](#) [1] specifies education requirements for IRB members, IRB staff and research personnel.

eProtocol Training

eProtocol training sessions ([slides](#) [2]), for new and less experienced users, are provided by the Research Compliance Office. Click [here to register](#) [3] for an upcoming eProtocol training session.

Stanford provides access to required training through the interactive online Collaborative Institutional Training Initiative ([CITI](#) [4]) Course: The Protection of Human Research Subjects. ([more information](#) [5])

Additional training:

As well as the human subjects training for researchers required by the IRB, there might be training required by other groups, programs, or departments. Researchers should see [Training](#) [12] on the [Dean of Research \(DoR\)](#) [13] website, or refer to their department to identify needed education.
